SIU Carbondale (SIUC) Undergraduate Deans List

At the end of each Fall and Spring semester – and Summer session – undergraduate students who were enrolled for and earned full-time GPA-applicable credit at SIUC during the term, and whose SIUC term grade point average (GPA) for all courses during the term meets or exceeds the minimum SIUC GPA established by the University,¹ will be included on the Deans List for that term. This University recognition of high scholastic achievement is only for that particular term, does not apply to part-time students, does not take into consideration transfer coursework, and does not take into consideration the cumulative GPA of the student for all course work at SIUC.

The following listing of students included on the Deans List is for the term noted and as of the date noted. (Late grade submissions or late grade changes processed after the date noted may impact the inclusion on the Deans List.) This listing includes all undergraduate Deans List students with the exception of those students who have requested the University to restrict release of their student directory information. Students can make such requests for restriction in writing to the Registrar’s Office (see https://registrar.siu.edu/pdf/RestrictReleaseOfStudentInfoForm.pdf). Students who have previously made such requests for restriction can request its removal in writing to the Registrar’s Office (see https://registrar.siu.edu/pdf/RemoveRestrictReleaseOfStudentInfoForm.pdf).

The listing is sorted by last name then first name. The student’s primary academic unit for the term is indicated in parentheses following the student’s name.

SIUC Registrar’s Office
https://registrar.siu.edu/

¹ Minimum full-time SIUC term GPA established by the University for undergraduate Deans List recognition is 3.50 for all undergraduate academic units (effective for the Summer 2014 term and subsequent terms).
