The course Type is noted as "CA" (Carbondale), "SP" (Springfield), "off" (off-campus), "web" (online), or "hyb" (online/on-campus hybrid). Certain "web" courses are tied to a specific location.
Getting More Details From the Above Listing of Summer 2017 SIU Carbondale Classes

For more details on individual courses noted in the above listing, go to [http://registrar.siu.edu/schedclass/](http://registrar.siu.edu/schedclass/) and use the Schedule of Classes search page. (The search page will look like the image below.) At a minimum, you will have to select at least one course subject. You can optionally specify a course number or the first digits of a course number. The optional instructional method allows you to select just off-campus and/or online sections so that you don’t have to look at the on-campus sections if you do not wish to. The individual sections that display in the search results contain information such as that noted in the above listing, as well as add/drop dates, instructor(s), capacity and actual enrollment, course prerequisites and restrictions, and any applicable required course fees. Topics courses should show a more detailed course title in the search results than is shown in the above listing.
The main Summer 2017 Session starts on Monday, June 12 and concludes with final exams on Thursday and Friday, August 3 and 4. The “first half” of the session begins the week of June 12 while the “second half” begins the week of July 10. Preceding that is the Summer Intersession that starts on Monday, May 15 and concludes on Friday, June 9. In total, this allows for 12 weeks of concentrated instruction, with many classes lasting either 8 weeks or 4 weeks, and some lasting as little as 2 weeks or even 1 week.

Some off-campus and online classes may start before May 15 and/or end after August 4, but are still considered as Summer classes if they are listed in this PDF. Such classes, as well as classes scheduled during the Intersession, all count for the student as a part of the Summer 2017 Session for their credit hours and time status, GPA and Deans List, tuition and fee assessment, financial aid, and graduation eligibility calculation purposes.

The above listing notes in one place most classes still available at SIU during Intersession and Summer 2017:

+ The list excludes 599 / 600 / 601 course numbers and it also excludes those classes with 700 to 799 section numbers.
+ The list is sorted by course ID. Subject abbreviations in the course ID are explained here.
+ An explanation of section numbers for online and hybrid classes is here. Note that some of these sections are restricted.
  * A proctor may be required for some online classes (check with your academic advisor).
+ Information about University Core Curriculum requirements is here or is in chapter 3 of the Undergraduate Catalog.
  * The UCC codes that are shown in the list correspond to the UCC areas and sub-areas and are explained here.
+ Classes having Meeting Dates shown as “full term” start on June 12 and end on August 4.
+ A class with a range of hours defaults to the lowest number during registration, but you can change it (see here, Step 12).
+ Up to two distinct meeting patterns (Days, Times, and Location) are shown, though a few classes may actually have more.
  * Abbreviations for days of the week, from Monday through Sunday, are as follows: M, T, W, R, F, S, and U.
  * Meeting times are shown in a 24-hour time format. To convert to a 12-hour (AM/PM) time format, look here.
  * Building codes shown in the location fields are identified here. Some rooms have not yet been determined.

Here are some other things you need to know when trying to use the above listing:

+ To get more details about individual class offerings, see our Schedule of Classes, particularly the searchable schedule.
  * Searchable schedule results have links to a catalog description of the class as well as the textbook(s) required.
  * Search results display enrollment statistics to help you see if a section still has open seats and/or a waitlist.
+ To register, you will need to log into SalukiNet with your Network ID. Details on how to use SalukiNet to register are here.
+ You need to get your SIU e-mail address if you have not done so. You can do that here after you register for the first time.
  * Official University communications are sent to the SIU e-mail address, so please check it regularly.

Advance registration for these Intersession and Summer 2017 courses will open for particular groups of students in early April 2017 according to the staggered-start schedule noted at http://registrar.siu.edu/students/advancereg.php. Please be aware that the deadline to register for shorter courses usually will be the first day of the particular course.

If you have not yet been admitted (or readmitted) to the University, please go to http://siu.edu/admissions/ to get that taken care of. If you are a newly-admitted student, you should visit http://registrar.siu.edu/students/mandatory.php to review a list of things that you need to do as a part of starting your studies at SIU.

The information in this PDF is provided by the Registrar’s Office. More information about the Registrar’s Office is available at http://registrar.siu.edu/. On that site you will also have access to academic and other calendars, as well as PDF versions of catalogs. Additional information about the registration process may be found here.
